**Some information on the system of assessment at the University of Franche-Comté:**

Within the degree structures of the University of Franche-Comté (UFC), teaching is organised into **modules**, known as **teaching units (TU)** or '*unités d'enseignement*' (*UE*). Some TU are made up of **sub-units**, known as **teaching elements (TE)** or '*éléments pédagogiques*' (*EP*).

Each TU has a value of 6 ECTS credits and each TE has a value of between 1 and 5 (exceptionally 6-8) credits ECTS. For each TU and TE, a final mark is attributed or calculated as the average of many marks attributed on a scale between 0 and 20. The pass mark for each TU or TE is 10 out of 20.

**IMPORTANT NOTE:**

For students registered in a UFC degree, credits are also awarded for a lower mark if the average of all results achieved for the teaching unit (6 ECTS), for the semester (30 ECTS credits) or for the year (60 ECTS credits) is 10 or more.

Each TU and TE is assessed according to a specific type of assessment, which can include mid-term class exams, unseen final exams, exercises undertaken during or outside class time, reports, oral exams and/or oral presentations.

There are two examination periods in each year for each TU and TE, referred to as the first session (S1) and the second session (S2). The second session is in June and offers students who have not obtained the credits for a TU or a TE at the first session an opportunity to take a resit exam.
